

AMIRA KHALFAN ABDULLAH AL-MARZUQI

90135320 ● amiramarzo12311@gmail.com ● Muscat Oman

ABOUT ME

Aspiring software engineer with a solid foundation in computer science principles, software development, and programming languages. Proficient in various programming languages including Python, Java, C++, PHP and Dart. Have many courses in AI. Strong problem-solving skills and ability to work collaboratively in team environments. Eager to leverage academic knowledge and internship experiences to contribute to innovative software solutions.

EXPERIENCE

Nov 2025 - Current
Muscat, Oman

Data Analyst

UTTS – Oman

November 2025 – Present

- Analyze business data using **Python (Pandas, NumPy)** to extract insights and generate performance reports.
- Write and optimize **SQL queries** to retrieve and manipulate data from relational databases.
- Perform data cleaning and preprocessing to improve data accuracy and consistency.
- Develop analytical reports to support decision-making and improve operational efficiency.
- Collaborate with different departments to understand data requirements and translate them into analytical solutions.
- Assist in building a predictive model (**Machine Learning project in progress**) to improve forecasting accuracy.

Nov 2024 - Feb 2025

Three-month complete training / General Federation of Oman Workers

- Developed a full KPI system (analyze the information in excel file and understand it carefully, then start to work and create a database then design a page using php, html and tailwind. Then connect all pages with others to make a complete system, then, work with multiplication using MSQL triggers. Test the website with supervisor and HR. Finally upload the system for testing, display and verification).
- Work with Certificates system (create multiple pages using PHP and MYSQL to allow GFW employees to see their available certificates and download it as PDF files).
- Fix some issue in company website.

PERSONAL PROGRAMMING LANGUAGE

- PHP / HTML / CSS, Dart / Flutter, Java, SQL, Python, Linux, ASP, C++

SKILLS

- Experience in Microsoft Office application
- Interesting working with a new programming language
- Quickly learn and adapt to new technologies and frameworks
- Flexible in taking on new roles and responsibilities
- Experience working in teams

CERTIFICATIONS

- AI certificates (2024).
- IOT Cisco certificate (2023).
- IELTS Score 5 (2021).

EDUCATION

Jan 2025
Muscat, Oman

Software Engineering
University of Technology And Applied Science

LANGUAGE

Arabic:

Native or Bilingual
